SK Games presents: Interstate Arcade

21/04/2014

A touring pop-up arcade showcasing games from developers across the nation.

Touring the cities of Melbourne, Sydney, Brisbane and Perth.
Running from the 4th of November to the 12th of December, 2014.

Interstate Arcade is a touring exhibition of arcade games developed by people all across Australia, curated by SK Games. The exhibition will run for just under a week in each city, finishing in SK's hometown of Perth. The exhibition will run during the day and into the evening, with different events planned for the evenings.

The focus of the games is social interaction. Each arcade cabinet is designed for multiple players at once, as well as being visible to spectators. The intention is to allow people who aren't proficient at games to play with friends and enjoy the social experience created.

The exhibition will be free to the public. Venues and opening times will be announced via the website (www.skgames.com.au/interstatearcade) when available.

About SK Games:

SK Games is a small development studio in Perth, WA. We develop small social games and hand-make arcade cabinets to exhibit them. We have gained a reputation in Perth for putting on backyard parties at our office and creating a welcoming social atmosphere with a focus on play.
